▶ To add your courses to the TRAIN system,

Welcome to TRAIN, the premier learning resource for professionals who protect the public's health. A free service of the Public Health Foundation, [www.train.org](#) is part of the newly expanded TrainingFinder Real-time Affiliate Integrated Network (TRAIN).

Through this site, you can:

- Quickly find and register for many courses listed on Train.org and participating TRAIN affiliate sites,
- Track your learning with personal online transcripts,
- Access valuable materials, course reviews, and discussions to improve your learning experience, and
- Stay informed of the latest public health trainings for your area or expertise.

If this is your first visit, click "Create Account" on the left menu to register for TRAIN and start learning today!

If you already have an account, please enter your Login Name and Password in the text-boxes provided on the left menu and click "Login".

TRAIN is a Growing Network

- 24 state health agencies
- The Medical Reserve Corps
- Agencies representing the 11 Office of Domestic Preparedness Disciplines

The MRC TRAIN Site:

A free resource for all MRC volunteers

Using TRAIN, your volunteers can:

- Easily find training in 42 subject areas
- Register for online and classroom courses available locally and nationally
- Build skills and competencies
- Meet licensure and certification requirements
- Complete pre/post tests and course evaluations
- Maintain personal transcripts to track learning
- and so much more...

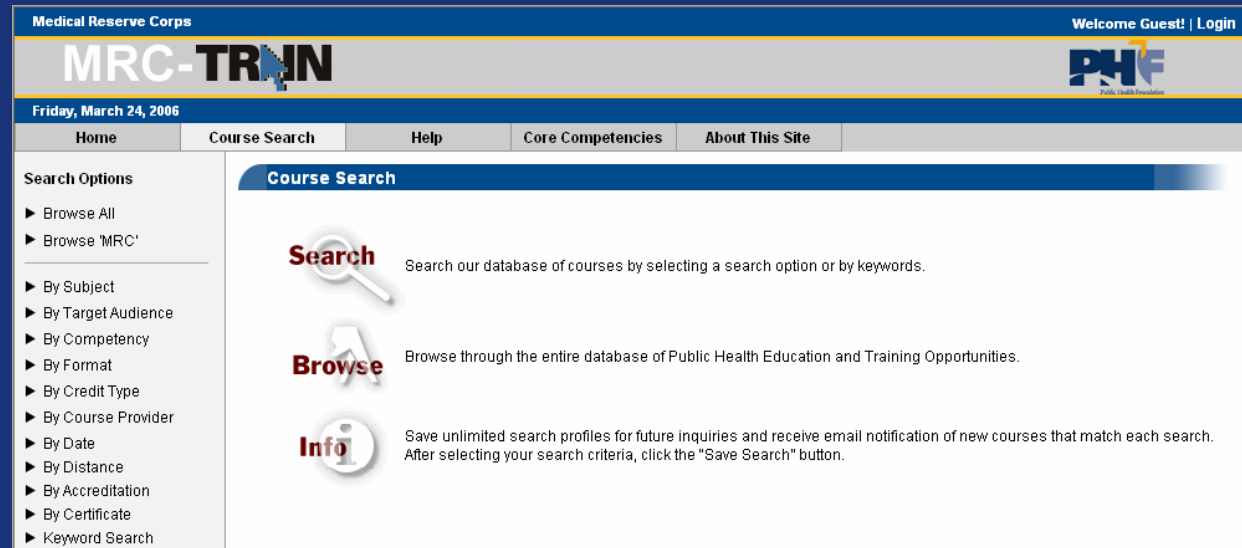

Prepared. On track. Online.

TRAIN Benefits Public Health and Healthcare

- Centralizes national course listings for everyone
- Links many affiliates' training information, reducing duplication
- Helps identify gaps in training available nationally and locally

TRAIN Benefits Public Health and Healthcare

Identify courses by the:

- MRC Competencies
- Bioterrorism and Emergency Readiness Competencies
- Core Competencies for Public Health Professionals

Search Options

- Browse All
- Browse My State Only
- By Subject
- By Target Audience
- **By Competency**
- By Format
- By Credit Type
- By Course Provider
- By Date
- By Distance
- By Accreditation
- By Certificate
- Keyword Search
- Advanced Search

Course Search

Tip: To make multiple selections under a search option, hold down the CTRL key to select more than one option.

Competency

Core Competencies

- ☐ Analytic / Assessment Skills
- ☐ Basic Public Health Sciences Skills
- ☐ Communication Skills
- ☐ Community Dimensions of Practice Skills
- ☐ Cultural Competency Skills

Bioterrorism And Emergency Readiness Competencies

- ☐ Apply creative problem solving and flexible thinking to unusual challenges within an individual's functional responsibility and evaluate effectiveness of all actions taken.
- ☐ Demonstrate correct use of all communication equipment for emergency communication (phone, fax, radio, etc).
- ☐ Describe communication role(s) in emergency response within the agency, using established communication systems for the agency, general public, personal and media.

☐ Clinical ☐ Non-Clinical ☒ Both

☐ Local ☒ All

☐ Free courses only

And Keyword

Tip: Use "OR" or "AND" to better define your selected keyword search criteria.
Tip: To search for an exact phrase (e.g., "vaccine administration"), use quotation marks.

☐ Course Title
☐ Description
☒ Both

TRAIN Facts

- Developed in 2003 in response to state requests
- Over 40 states and 400 health professionals involved in planning
- Continually improved with investments from many affiliates
- More than total 3000 courses, 800+ course providers
- More than 60,000 users registered
- Used by members of the 11 Office of Domestic Preparedness Disciplines
- Addresses IOM recommendations about information systems

An Award-Winning System

- The Medicine on the Net Web Excellence Award is for Outstanding Content Healthcare Professional Portal. The award is based on an evaluation by a distinguished panel of judges selected by *Medicine on the Net* magazine
- The World Wide Web Health Awards is a program, organized by the Health Information Resource Center, that recognizes the best health-related Web sites for consumers and professionals.

TRAIN Maximizes Affiliates Return on Investment

- The Wisconsin Department of Health and Family Services documented a **\$1.2 million dollar return on investment** using TRAIN in just 14 months.
- The Kentucky Department for Public Health documented a **\$463,000 return on investment** using TRAIN in less than 12 months.

Prepared. On track. Online.

Powered by TrainingFinder

TRAIN makes “cents” for states

- TRAIN is supported by grants and funding from:
 - Participating affiliate states and the Medical Reserve Corps.
 - Founding Partners, the Arkansas Department of Health and the Colorado Department of Public Health and Environment
 - Centers for Disease Control and Prevention
 - The Robert Wood Johnson Foundation

Prepared. On track. Online.

Powered by TrainingFinder

Things TRAIN does NOT do

- TRAIN does not currently create online courses.
- TRAIN does not currently offer E-commerce.
- TRAIN does not currently offer conference registration.
- What you haven't asked for.
- More than you need.
- TRAIN doesn't run via artificial intelligence.
- Yet...anything is possible.

TRAIN Supports Unit Coordinators

With TRAIN, you can:

- Coordinate state/citywide training exercises
- Generate reports on competencies-based training status and overall readiness
- Identify and contact volunteers in your jurisdiction (in accordance with MRC policies)
- Push out courses, email, and announcements to any/all registrants with the push of a button

Prepared. On track. Online.

Powered by TrainingFinder

TRAIN Features and Benefits

Learners

- Search and register for distance learning and classroom-based courses
- Sign up for e-mails about new courses
- Create a personal learning record of competency-based training
- Take pre/post tests and quizzes to monitor their progress
- Provide and view feedback about courses
- Complete course evaluations

Prepared. On track. Online.
